Dear Students, Parents and Guardians;

The Mission of Cumberland County Technical Education Center is to provide all of our students with a pathway into the global workforce with advanced educational options. We have established core values to drive our mission statement. All programmatic, academic, and administrative policies and procedures are developed with these core values in mind.

C.C. College & Career Readiness: All students will leave CCTEC college and career ready. Our goal is to prepare all students through a rigorous academic program that includes opportunities to enroll in *Advanced Placement* courses and courses that have articulated credit with colleges and universities. In addition, all students will leave CCTEC with industry licensure/certification and the skills needed to be successful in any industry.

T Technology & Innovation: CCTEC is a high school of innovation! As our logo depicts, our students and staff think outside of the box. In our ever changing, global economy, we are preparing our students for jobs that haven't been created and for problems that do not yet exist. In addition to being academically rigorous, our curriculum is project-based and requires students to analyze, synthesize, collaborate, evaluate, and create solutions to real problems.

E Excellence & Leadership: CCTEC is committed to excellence and to fostering the next generation of leaders! We provide our students with numerous leadership experiences in our curricular and co-curricular program and hold our staff and administration accountable to the highest level of excellence.

C Citizenship: In addition to preparing the next generation of mechanics, engineers, doctors, and more, we want to ensure that we are promoting and supporting strong values of citizenship. CCTEC believes a good citizen is someone who takes responsibility for his/her actions, works diligently in his/her profession, contributes to the community, respects others and their property, helps those who are not in a position to help themselves and continues to keep informed about the world around him/her. To that end, our student code of conduct was developed with the goal of creating responsible and accountable citizens.

College & Career Readiness, Technology & Innovation, Excellence & Leadership, and Citizenship are CCTEC's core values. When students leave CCTEC, our expectation is that they leave with the education, certification, and skill set to be New Jersey's next generation of innovative leaders!

COMMUNICATION

CCTEC utilizes technology as a tool to increase parental involvement and awareness. It is recognized that student achievement is positively affected by strong parental involvement. Utilizing technology as a tool improves the school-home connection.

GENESIS PARENT PORTAL

The Genesis Parent Portal is a password-protected, online access system to view student information, including schedules, attendance, report cards/progress reports, assignments and grades. CCTEC will use Genesis for all grade communications during the year.

CCTEC will use the phone number and/or email supplied by parents/guardians on the Genesis Parent Portal. It is the parent/guardian's responsibility to make sure that the school office has current contact information and advise the school of any changes that occur during the school year. Emergency notifications and community outreach messages from CCTEC will be made via phone/text to parents/guardians.

SCHOOL WEBSITE

CCTEC students and parents/guardians can access updated information by visiting the school's website at www.cctecnj.org. Visit our school website to access school calendar, academic information, Genesis, school news and events, and much more.

NEWSLETTER & EMAILS

CCTEC publishes a quarterly newsletter that highlights school news, information, student achievements and more. This newsletter can be found on our school website and will be emailed to the student's primary household email on record.

CCTEC will use email to send out occasional important email notifications for special events and messages.

PROGRAM PARTICIPATION

ATTENDANCE

The Board of Education requires that the pupils enrolled in the Cumberland County Technical Education Center attend school regularly in accordance with the laws of this state. The educational program offered by this district is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

1. “**Attendance**” is a pupil's presence in school and in the classroom to which he/she is assigned at the times scheduled for instruction or other school activities. A pupil will be considered to have attended school if he/she has been present at least four hours during the school day. A pupil not present in school because of his/her participation in an approved school activity, such as a field trip, meeting, cooperative education assignment, or athletic competition, will be considered to be in attendance. “Attendance requirement” for the Cumberland County Technical Education Center will be in accordance with their IEP, if applicable.

2. “**Excused Absence**” is a pupil’s absence from school for a full day or a portion of a day for one or more of the following reasons. PLEASE NOTE: A parent note is **not** considered an excused absence.
 - a. Death in the family
 - b. Court
 - c. Religious holiday
 - d. Resident District Transportation Issue
 - e. Job Interviews – Seniors only and interview must be related to career pathway.
 - f. College visitation – verification from the college must be provided. Pupils in eleventh or twelfth grade only may have up to three (3) days for the purpose of visiting colleges, other post-secondary training, or military institutions.
 - g. Take Your Child to Work Day (N.J.A.C. 6A:16-7.8).
 - h. Medical Emergencies – documentation required. Routine medical appointments do not count as excused absences (i.e., dentist appointments, orthodontist appointments, well visits).
3. “**Unexcused Absence**” is a pupil’s absence for all or part of a school day for any reason other than those listed under #2. Vacations are not excused absences. A letter from the parent does not constitute an excused absent.
4. A pupil who anticipates an excused absence due to a temporary or chronic health condition may be eligible for home instruction in accordance with board policy. The parent(s) or legal guardian(s) must request home instruction through Mrs. Robbins’ office at ext. 3102.
5. Pupils absent for any reason are expected to make up the work missed. The pupil is responsible for requesting missed assignments and any assistance required. Teacher will provide make-up assignments as necessary. If you have any questions, kindly contact the teacher.
6. Documentation is required for any excused absence. A parent note will not suffice as documentation. Medical notes will be submitted directly to the School Nurses’ office and all others to the Attendance Office upon the students return to school.
7. Doctor’s notes can only represent one illness and will not be accepted with disjointed days (i.e., students seen in office on 11/2, 12/20, 4/12). All notes must be submitted within 5 days of the students return to school or they will not be accepted.

Attendance Process for Full Time Students

- When the student has accumulated four (4) unexcused absences, the Attendance Office will send a letter to the parent/guardian.
- When the student has accumulated eight (8) unexcused absences, the Attendance Office will send a letter to the parent/guardian. The Guidance Counselor will meet with the student to discuss the serious nature of the attendance problem and the possibility of being placed on non-credit status. An action plan will be developed to improve student attendance.
- When the student has accumulated twelve (12) unexcused absences, the student will be placed on a non-credit status. A letter will be sent to the parent/guardian of the student. A meeting will be scheduled with the Assistant Principal to discuss non-credit status and the process for credit recovery.
- Any student on non-credit status will be required to make-up lost credits through CCTECs attendance recovery program.

Attendance Process for Shared Time Students

- When the student has accumulated four (4) absences, the Attendance Office will send a letter to the parent/guardian.
- When the student has accumulated eight (8) absences, the Attendance Office will send a letter to the parent/guardian. The Guidance Counselor will meet with the student to discuss the serious nature of the attendance problem and develop a plan of action to improve student attendance.

- When the student has accumulated twelve (12) absences, the Attendance Office will send a letter to the parent/guardian. The Guidance Counselor will meet with the student and parent/guardian to discuss the serious nature of the attendance problem and to review the plan of action to improve student attendance.
- When the student has accumulated sixteen (16) absences, all attendance documentation will be forwarded to the Assistant Principal. If there are no extenuating circumstances for the excessive absenteeism, the student will be transitioned out of his/her CCTEC program. A letter will be mailed home to the parent/guardian and CCTEC will contact the home district to coordinate a transition out of CCTEC.

For that reason, the principal or designee reserves the right to determine whether a student’s dress is appropriate for the educational environment.

The following guidelines for student dress have been established:

- Patches, decals, or sayings affixed to clothing are inappropriate if they are suggestive, drug related, obscene, violent in nature, or cause a disruption in normal proceedings.
- No double meanings or crude phrases, references to or direct display of profanity, sexual or violent activity, racist or sexist symbols, or promotion of harmful and/or illegal substances – including alcohol and advertisements for taverns/bars.

The Guidance Department is an integral part of the District's educational program. Counseling and/or other related services are available to aid pupils in making informed and responsible decision concerning life's many choices – personal, educational, and career.

GRADING

One of the primary purposes of grades is to provide specific and accurate feedback on a student's ability and performance in relation to the course material and curriculum. As such, Cumberland County Technical Education Center has adopted the following grading calculation guidelines:

- 60% Major Assessments (summative) – These are the assessments that occur after a unit of study. Summative assessments take a variety of forms, such as paper and pencil tests. Problem-solving projects, products, or performances.

- 30% Minor Assessments (formative) – These are assessments that begin at the onset of a lesson and continue through the whole unit. They provide feedback to students to help them correct misconceptions, understand mistakes, and reinforce their progress. It also helps teachers determine how well their students are learning and if they have to adjust their teaching strategy.
- 10% Participation/Classwork/Homework

REPORTING GRADES

All teachers will use the following grading scale when reporting student performance:

Letter Grade	Numeric Grade
A	93-100
B	85-92
C	75-84
D	70-74
F	0-69

Students who fail to earn at least a 70 final average in a non-elective course as defined in N.J.A.C. 6A:8-4.1 and who attend and receive a passing grade in an approved summer school make-up program will receive the grade that they earn. Both grades will appear on the student’s transcript. Both grades will be used to calculate the student’s grade point average and weighed class rank. For a full description of class rank and the specific calculations, please refer to the CCTEC Course Selection Guide located on the CCTEC website or in the Guidance Office.

CLASS RANK AND GRADE POINT AVERAGE

A grade point average (GPA) is a common scale used by many schools to calculate student academic achievement. CCTEC will utilize a standard weighted 4.0 GPA scale. Each range of number grades assigned to students will correspond to a scale number. Calculation of the GPA and class ranking will take into consideration the number of credits associated with each course, the weight of the course, and the grade received by the student. The grade scale can be seen below:

Numerical Grade Range	Letter Grade	Non-weighted scale number	Half-weighted scale number	Full-weighted scale number
98 – 100	A+	4.25	4.75	5.25
95 – 97	A	4.00	4.50	5.00
93 – 94	A-	3.75	4.25	4.75
90 – 92	B+	3.25	3.75	4.25
87 – 89	B	3.00	3.50	4.00
85 – 86	B-	2.75	3.25	3.75
81 – 84	C+	2.25	2.75	3.25
78 – 80	C	2.00	2.50	3.00
75 – 77	C-	1.75	2.25	2.75
73 – 74	D+	1.25	1.75	2.25
71 – 72	D	1.00	1.50	2.00
70	D-	0.75	1.25	1.75
0 – 69	F	0.00	0.00	0.00

The GPA can be calculated as weighted or unweighted. For final GPA and class rank, CCTEC will utilize the weighted GPA. For a full description on how to calculate your child’s GPA, please refer to the CCTEC Course Description Booklet.

HONOR SOCIETIES

Cumberland County Technical Education Center sponsors chapters of the National Honor Society and the National Technical Honor Society. Criteria for participation are set by the national organizations.

SCHOOL COUNTS

Research shows that employers care more about attendance and punctuality than they do about many other skills. Research also indicates that performance in school is one factor that can predict how well an individual will do in a job. Students who work hard and meet the below program criteria will receive a School Counts certificate of achievement which can be presented to potential employers during job interviews. Students who receive *four* School Counts certificates are eligible for a tuition scholarship to Cumberland County College.

School Counts Criteria:

- Obtain a grade of 'C' or better in every course
- Achieve a 95% attendance and punctuality record.
- Take more than the minimum graduation requirements
- Complete high school in four consecutive years

CCTEC ACADEMIC VARSITY LETTER

Academic excellence is promoted every year through a special recognition program that will take place in May. Students who maintain at 3.5 GPA for each of the first three marking periods of the school year will earn a CCTEC Academic Varsity Letter.

PROCEDURES FOR COURSE FAILURES

The District's goal is to assist all students, to expect academic success and to prevent student failures.

Teachers are aware of students who are having difficulty within their classes and will be proactive in contacting students, parents, and Guidance Counselors whenever performance is below standards.

Guidance Counselors review all progress reports and report cards for their assigned students. Students who are in danger of failing a course will be counseled and parents/and or guardian will be notified.

When appropriate the Guidance Counselor will make arrangements for a meeting with parent, student, teacher of failed course, and other personnel (Principal, Assistant Principal, CST members, etc.) to determine options and make recommendations.

STUDENT OPTIONS FOR FAILURES

For Required New Jersey Courses

- Student may take summer courses at another New Jersey high school.
- Student may take Principal approved on-line courses through Educere (cost of program to be paid by the student).
- Repeat the course.

For Electives

- Same as above or student may choose to forfeit the credit.

For Career and Technical Education Courses

- Career-path teachers will contact the guidance department to schedule a parent meeting whenever a student is in danger of failure.
- The options available are:
 - 1) Counsel student to return to home high school if failure is due to lack of interest in the program or inability to remediate deficiencies
 - 2) Repeat the grade
 - 3) Alternative placement within CCTEC

Please note: due to scheduling or other concerns, every option may not be available to an individual student. To remain enrolled at CCTEC, students must be able to satisfy their graduation requirements AND remain enrolled in their CTE program.
